Re: Recent events in the Ukraine

Dear families,

In light of the current events in the Ukraine, our thoughts are with those of you who have family, friends and colleagues in the region.

As you may know, we have pupils and staff in our school community, from both the Ukraine and the Russian Federation.

We are already supporting families who are directly affected by the recent conflict, and we intend for all pupils at the school to be educated about the context surrounding these events.

On Wednesday 2nd March, our normal PSHRE curriculum will be suspended for one week and pupils will instead spend time discussing and learning about the issues which have resulted in the current crisis.

The following resources may be of use as a support for conversations that may be happening at home:

‘How to talk to children about what's happening in Ukraine’ | Metro News

<https://metro.co.uk/2022/02/24/how-to-talk-to-children-about-whats-happening-in-ukraine-16163133/>

Please do not hesitate to get in touch with the school if you require further support.

Yours faithfully,

J McQuaid

Head Teacher
