Elevate is an award-winning organisation that has been working with your child's school to help them become more effective learners. We realise that these are challenging times. Your child's ability to self-motivate, manage their time and prepare effectively will be a crucial factor to guarantee their success over the next few months.

Join us to learn about independent learning - what it is, and how you can turn your child into an independent learner at home.

The video player shows a presentation slide with the Elevate logo and two sections: 'What your child probably does:' and 'What your child should do:'. The first section has a flowchart: 'I Listen' (blue) -> 'I Check' (orange) -> 'I Write' (blue) -> 'It's correct' (orange). A red 'no' symbol is overlaid on the 'I Check' step. The second section has a flowchart: 'I Listen' (blue) -> 'I Think' (green) -> 'I Write' (blue) -> 'I Understand' (green) -> 'I Remember' (blue). A play button and a 02:02 timer are visible at the bottom of the video player.
