

Maths – How to get the best GCSE grade I can?

- Complete 1hr "Compulsory" Sparx maths work that is set each week
- Make use of Sparx XP boost (an opportunity complete more consolidation and revision questions) or Target questions (six questions that Sparx thinks you will find challenging)
- Use past papers, exam questions and topic tests. These can be found on the Google Drive (with some spares in the Maths Office)
- Ensure that you have the equipment
Full maths set
Scientific calculator
- Create revision materials and if you prefer revision guides we recommend the CGP guides
