

HIGHER MATHS

(Phase 1) CONSOLIDATION and REVISION OF WHOLE GCSE COURSE

FULL NAME:

This is an independent home learning task.

This is a consolidation and revision document (**Phase 1**) to support your preparation for the end of Year 10 Maths Exam.

This document must be **completed, marked, and corrected**.

The Phase 1 maths document will be used and goes side by side with **Phase 2** consolidation, and revision document in year 11, which will support your preparation for unit tests on the whole GCSE course.

There will be 7 tests, spread over Year 11 Terms 1 and 2, these are units (1-2), units (3-5), units (6-8), units (9-11), units (12-14), units (15-17), and units (18-19).

The units are clearly labelled in the headings of the attached document.

Expectations.

1. You will commit to completing revision and work to achieve your best.
2. You will attempt to answer all the questions in FULL.
3. You will answer with **full** working out, an explanation or mathematical comment. (An answer only will not be accepted).
4. You will show determination and self - initiative to support your revision; by using **Corbett maths, Maths Genie** (that show videos and worked solutions) or use Sparx, to help in improving your mathematical decision making.
5. **If** you have followed the self - help in point 4 and need further support, please see a friend or your maths teacher.
6. Stay positive and show your best.
7. There is an expectation that you will look back and make improvements by making corrections, based on the videos you watch and the worked solutions that are on the named websites.
8. You are not alone. Seek support to guide you.

Best wishes the Maths Team
