

College Open Evening

Please regularly check the sixth form/college website to confirm dates and times of open events, as they may be subject to change, and new dates may be added. Some institutions will offer virtual events, others may offer in person open events or the option for both. Make sure you fill out enquiry forms on the school website to stay up to date with open event information. Most open events require you to register in advance

You can find here a list of many colleges and further education establishments in the local area that you may wish to look at when considering your next steps.

If you are unsure about your pathway beyond Leytonstone School, speak to your Head of year or Ms Landowska (P106) for more guidance.
